## HBO Special Series on Addiction to Begin Airing on March 15

Three organizations which promote addiction recovery throughout the country have formed a coalition to promote a program about addiction treatment and recovery to help Americans better understand the nature of this disease.

Join Together, Community Anti-Drug Coalitions of America, and Faces and Voices of Recovery are calling our attention to a 14-part documentary series called "Addiction" which begins on Thursday, March 15 – 9:00 pm Eastern Time on HBO. Oxford House residents who have HBO service may want to sponsor a get together or cookout for other members in their chapters or those in the recovery community and watch the show together.

The coalition is also encouraging those in recovery to host or attend an Addiction Action House Party on March 17 – you can find out more about the Addiction Action House parties by clicking on <http://members.jointogether.org/ct/rpeZ5tM1Jm9C/> The show airs at 6:30 Eastern and Pacific Time and 5:30 pm Central Time on the 17th. Ten minutes before the show, they will offer a national teleconference for everyone attending the house parties. All that is needed is a speakerphone.

More information on the HBO series and ways individuals can become involved in educating others about addiction may be found at [AddictionAction.org](http://AddictionAction.org)

Get out the word to your friends, family and co-workers about this informative series.

## Katrina Victim Going Home Again

**We just received this note from Kirstin Hallberg, Oxford House Outreach, Omaha Nebraska:**

"The South Pointe House in Omaha accepted a Katrina victim, Lee, who had lived in an Oxford House in New Orleans prior to Katrina. Lee approached me in January and said he hadn't seen his family in 18 months, and he wanted to move back to an Oxford House in New Orleans. I contacted Marty Walker, Louisiana Oxford House Outreach who told me that the House in New Orleans was full, but Lee could move into another House about 3 hours away. Lee really wanted to go back to New Orleans, and had pretty much decided that he would just go on the waiting list and remain in Omaha until something opened up.

Marty just called this morning, and they're opening a new house in New Orleans in April. Guess who's going home???"

### WASHINGTON DC AND MONTGOMERY COUNTY, MARYLAND BEGIN EXPANSION OF OXFORD HOUSE PROGRAM

The Oxford House Inc. Office recently received two expansion grants – one from the District of Columbia and one from Montgomery County Maryland (right outside the District of Columbia).

Robert Kershaw, a current Oxford House Resident from Maryland and Anna Mable Jones of the Oxford House National Office, are going to be working in the field with the existing houses and chapters to fulfill the contracts in these two areas. These grants represent the first funding ever received from DC and Maryland to expand the Oxford House program in those areas.
